#### PRIVATE BILLS

Excerpts From Standing Orders Relating  
to Private Bills

97. No petition for any Private Bill shall be received by the House after the first 10 days of each Session, nor may any Private Bill be presented to the House after the first

three weeks of each Session, nor may any report of any Standing or Select Committee upon a Private Bill be received after the first four weeks of each Session, and no motion for the suspension or modification of this Standing Order shall be entertained by the House until the same has been reported on by the Committee on Standing Orders, or after reference made thereof at a previous sitting of the House to the Standing Committees charged with the consideration of Private Bills, who shall report thereon to the House. And if this rule shall be suspended or modified as aforesaid, the promoters of any Private Bill which is presented after the time hereinbefore limited, or for which the petition has been received after the time hereinbefore limited, shall in either case pay double the fees required in respect of such Bill by this rule, unless the House shall order to the contrary.

98. (1) Any person seeking to obtain any Private Bill shall deposit with the Clerk of the House, eight clear days before the opening of the Session.

- (a) a printed copy of such Bill;
- (b) a copy of the petition to be presented to the House;
- (c) copies of the notices published, with publication proved by a statutory declaration of affidavit to the satisfaction of the Clerk of the House.

(2) At the time of depositing the Bill and petition the applicant shall also pay to the Clerk of the House the sum of \$300.

(3) If a copy of the Bill, petition, and notices proved as aforesaid shall not have been so deposited in the hands of the Clerk of the House at least eight clear days before the opening of the Session or if the petition has not been presented to the House within the first 10 days of the Session, the amount to be paid to the Clerk shall be \$600. If the Bill shall not pass second reading, one-half of the fees shall be returned.

100. (1) All applications to the Legislative Assembly for Private Bills of any nature whatsoever shall require the publication of a notice clearly and distinctly specifying the nature and object of the application, and when the application refers to any proposed work, indicating sufficiently the location of the work, to be signed by or on behalf of the applicant.

(2) Such notice shall be published in *The British Columbia Gazette* and once a week in one leading daily newspaper freely circulating in all parts of the Province. The notice in such newspaper to appear on Wednesday of each week.

(3) When the proposed Bill is of such a nature that it may particularly affect one or more electoral districts, the notice shall furthermore be published once a week if possible in some newspaper in every electoral district affected, or if there be no newspaper published therein, then in a newspaper published in the electoral district nearest thereto.

(4) The publication of such notice shall in all cases be continued for a period of four

weeks during the interval of time between the close of the next preceding Session and the consideration of the petition.

101. Every petition signed by an agent or attorney in fact shall be accompanied by the authority of such agent or attorney in fact, and the petition shall not be deemed to be filed with the Clerk until this is done.

102. Before any petition praying for leave to bring in a Private Bill for the erection of a toll bridge is received by the House, the person or persons intending to petition for such Bill shall, upon giving the notice prescribed by Standing Order 100, also at the same time and in the same manner give notice of the rates which they intend to ask, the extent of the privilege, the height of the arches, the interval between the abutments or piers for the passage of rafts or vessels, and mentioning also whether they intend to erect a drawbridge or not, and the dimensions of the same.

103. (1) All Private Bills for Acts of incorporation shall be so framed as to incorporate by reference to the causes of the general Acts relating to the details to be provided for by such Bills: Special grounds shall be established for any proposed departure from this principle, or for the introduction of other provisions as to such details, and a note shall be appended to the Bill indicating the provisions thereof in which the general Act is proposed to be departed from. Bills which are not framed in accordance with this Standing Order shall be recast by the promoters and reprinted at their expense before any Committee passes upon the clauses.

(2) Every Bill for an Act of incorporation, where a form of model Bill has been adopted, shall be drawn in accordance with the model Bill (copies of model Bills may be obtained from the Clerk of the House). Any provisions contained in any such Bill which are not in accord with the model Bill shall be inserted between brackets or underlined, and shall be so printed.

(3) Any exceptional provisions that it may be proposed to insert in any Bill shall be clearly specified in the notice of application for same.

107. All Private Bills shall be prepared by the parties applying for the same, and printed in small-pica type, 26 ems by 50 ems, on good paper, in imperial octavo form, each page when folded measuring 10 3/4 inches by 7 1/2 inches. There shall be a marginal number every fifth line of each page; the numbering of the lines is not to run on through the Bill, but lines of each page are to be numbered separately. Three hundred copies of each Bill shall be deposited with the Clerk of the House immediately before the first reading. If amendments are made to any Bill during its progress before the Committee on Private Bills, or through the House, such Bill shall be reprinted by the promoters.

In the case of Bills to incorporate companies, in addition to the fee of \$300 mentioned in Rule 98, fees calculated on the capital of the company are payable at the

same time. Further particulars can be had on application to the undersigned.

All cheques in payment of fees must be certified.

IAN M. HORNE  
Clerk, Legislative Assembly

#### SHERIFF'S SALE OF LAND

In the Supreme Court of British Columbia

In the Matter of the Court Order Enforcement Act, R.S.B.C. 1979, Chap. 75, and Albert Rondeau and Margaret Rondeau

TAKE NOTICE that, pursuant to an order made by the Honourable Chief Justice, dated Wednesday the 30th day of March 1983, and entered the 15th day of April 1983, I will offer for sale by public auction at my office at 17674—58th Avenue, Surrey, B.C., on Wednesday the 31st day of August 1983, at 1 o'clock in the afternoon, all right, title and interest of the respondent, Margaret Rondeau, in the following described land: Civic address—6525 Lefevre Road, Mount Lehman, Municipality of Matsqui, B.C., Lot 3 of the southeast quarter of Section 17, Township 14, Plan 26586, except Parcel A (Exp. Plan 43024) NWD.

#### Judgments

MP34556, 20/04/78, 11.01—Clearbrook Credit Union (\$34,150).

MR74070, 01/08/79, 12.46—John Elmer Lukas (\$45,000).

JS149600, 17/12/80, 12.24—Bank of Montreal (\$17,715.91), (renewed by U120946).

T51894, 01/05/81, 12.57—*Land Title Act*, section 215, The Corporation of the District of Matsqui.

MU8149, 29/01/82, 11.05—John Elmer Lukas (\$163,500).

#### COMPANY ACT

Allarco Developments Ltd.  
 (In Voluntary Liquidation)

NOTICE is hereby given, pursuant to section 341 (2) of the *Company Act*, that Allarco Developments Ltd., an extraprovincial company registered under the *Company Act*, is being wound up pursuant to a special resolution of the members of the company passed on the 1st day of January 1982, and the undersigned Paul Murray McAteer, of 11456 Jasper Avenue, Edmonton, Alta. T5K 0M1, was appointed liquidator for the purpose of winding-up the affairs of Allarco Developments Ltd.

Dated at Calgary, Alta. this 8th day of July 1983.

P. M. McATEER  
 jy28—7776 *Liquidator*

#### COOPERATIVE ASSOCIATION ACT

CP-1395

I HEREBY CERTIFY that "H.W. Flesher Housing Co-operative" has this day been incorporated as an association under the *Cooperative Association Act* and that the denomination of its shares is \$10 dollars each.

The registered office of the Association will be situate at Vancouver, Province of British Columbia.

The objects for which the Association is formed are:

(a) To promote continuing co-operative housing associations, and generally to promote improvements to housing conditions in British Columbia;

(b) To provide housing accommodation for persons, at least the majority of whom are members of the Association who will occupy the housing accommodation otherwise than as owners and who, if members of

the Association, have subscribed for shares of the Association equivalent to the capital value of the unit of accommodation which they occupy or intend to occupy; and without limiting the generality of the foregoing, for that purpose, to own and to buy, sell, lease, exchange, acquire and dispose of and to construct, renovate, remodel and repair and to operate, manage and maintain lands, buildings and chattels for residential purposes and uses ancillary thereto for members and other persons to whom the Association provides or intends to provide housing accommodation:

(c) Subject to the *Cooperative Association Act*, to enter into partnership or joint ventures with, to lend money to, to guarantee or become surety for the indebtedness or obligations of any corporation organized on a co-operative or non-profit basis:

(d) The Association shall have as ancillary and incidental powers those granted by the *Cooperative Association Act* as may be amended from time to time:

(e) Save as herein provided

(i) no part of the income of the Association shall be payable to or otherwise available for the personal benefit of any member or shareholder of the Association;

(ii) no part of the assets or property of the Association may be paid or distributed to the members of the Association during the existence of the Association or upon a winding-up or dissolution;

(iii) no dividend shall be paid by the Association in respect of shares:

(iv) the directors shall serve without remuneration and the directors shall not receive, directly or indirectly any profit from their position as directors but may be paid reasonable expenses incurred by them in performance of their duties.

Given under my hand and seal of office at Victoria, B.C., this 8th day of July 1983.

M. A. JORRE DE ST. JORRE

#### COOPERATIVE ASSOCIATION ACT

CP-1396

I HEREBY CERTIFY that West Coast Seafood Producers Co-operative, has this day been incorporated as an association under the *Cooperative Association Act* and that the denomination of its shares is \$10 dollars each.

The registered office of the Association will be situate at Vancouver, Province of British Columbia.

The objects for which the Association is formed are:

(a) To carry on the business of a fish merchant in all its branches, and in particular to buy, process, propagate, breed, store, freeze, pack, can, salt, smoke, cure, preserve, deal in, sell, and consign to agents for sale, fish of every kind and description, including oysters, clams, and other forms of shellfish; and all products of the sea and by-

products thereof and products of the sea and by-products thereof and products derived therefrom; and to process the same; and to act as the agent of the members of the Association and/or any other persons in the purchase and/or sale of all or any of the aforesaid products or by-products, or in the doing or causing to be done of all or any of the aforesaid acts or things:

(b) To carry on the business of a store-keeper in all its branches, and in particular to buy, sell, manufacture, and deal in goods, stores, consumable articles, chattels, and effects of all kinds, both wholesale and retail, and to transact agency business:

(c) To make arrangements with persons engaged in any trade, business, or profession, and others, for the concession to the Association's members, ticketholders, and others of any special rights, privileges, and advantages, and in particular in regard to the supply of goods.

(d) To do or cause to be done any or all of the following acts or things either by itself or by any person or body corporate or in conjunction with any person or body corporate, that is to say, to receive, transport, store, pack, freeze, process, can, preserve, prepare for market, warehouse, make arrangements to market, deliver and market produce of the sea, by-products thereof and products derived therefrom on behalf of itself, its members, or any other person or persons; and to make arrangements by contract, by-law, or otherwise with such members, person or persons as to the manner of doing or causing to be done any or all of the said acts or things and as to the amount and application of deductions to be made from the proceeds of sale of such products, by-products and products derived therefrom, and as to the manner of distribution and payment of the balance of said proceeds of sale.

(e) To mortgage, pledge, hypothecate or otherwise charge products of the sea, by-products thereof and products derived therefrom for the purpose of providing money to meet operating costs and/or for making advances to the persons who have delivered the same to the Association and to enter into arrangements with such persons by contract or otherwise, that the title to such products, by-products thereof and products derived therefrom shall vest in the Association only for the purpose thereof.

Given under my hand and seal of office at Victoria, B.C., this 12th day of July 1983.

#### COOPERATIVE ASSOCIATION ACT

CP-1394

I HEREBY CERTIFY that "CBN—Co-operative Business Network" has this day been incorporated as an association under the *Cooperative Association Act* and that the denomination of its shares is \$50 each.

The registered office of the Association will be situate at Vancouver, Province of British Columbia.

The objects for which the Association is formed are:

(a) To carry on the business of a manufacturer, processor and importer/exporter in all its branches and in particular to buy, sell, grow, exchange, manufacture, import and export goods, stores, consumable articles, chattels and effects of all kinds and to transact agency business:

(b) To construct, own, and operate according to the principles of worker self-management food processing plants, workshops, yards, warehouses, farms, garages, and such other businesses as may be conveniently carried on for the benefit of members and the community:

(c) To provide employment and employment facilities for its members in the above fields where they may work as free associated producers:

(d) To provide recreational, educational, and leisure-time activities and facilities in whole or in part for its members and their families:

(e) To promote high standards of environmental quality, including conservation, recycling and reuse of containers, resources and materials at the point of production:

(f) To function as a community development corporation, and in particular to carry on research and education programs relating to co-operatives, community facilities and worker-controlled industries; and to provide information, direction, training and counselling which will enable people to create co-operatives and worker-controlled industries:

(g) To make arrangements, contracts and agreements with persons engaged in any trade, business or profession, with government and others for the concession to the association's members of any special rights, privileges and advantages therein, particularly with regard to the creation of employment and the provision of services:

(h) To buy, sell, lease, mortgage or otherwise acquire and dispose of any lands and interests therein, buildings, machinery and merchandise of every description:

(i) To enter into arrangements, contracts and agreements with any person, firm, government or corporation to provide or share in the provision of premises, equipment, management skills, personnel, accounting or any other business function or skill or service which in the opinion of members may be conducive to or expedient in the promotion of the business of the association:

(j) To become a member of any association or corporation having objects altogether or in part similar to those of the association or carrying on any business activities capable of being conducted so as to directly or indirectly benefit the association:

(k) Subject to the *Cooperative Association Act*, the right to enter into partnership or joint ventures with, to lend money to, to guarantee or become surety for the indebtedness or obligations of a corporation organized on a co-operative basis.

Given under my hand and seal of office at Victoria, B.C., this 27th day of June 1983.

## TRANSMISSION OF NATURAL GAS TO AND ON VANCOUVER ISLAND

### TERMS OF REFERENCE

In the Matter of the Utilities Commission Act (hereinafter "the Act"), S.B.C. 1980, c. 60, and In the Matter of Applications for Energy Project Certificates by British Columbia Hydro and Power Authority; Centennial Natural Gas Pipeline Limited; Inland Natural Gas Co. Ltd.; Vancouver Island Gas Company Limited and ICG Island Transmission Ltd.; and Westcoast Transmission Company Limited (hereinafter "the applicants")

TO CONSTRUCT AND OPERATE PIPELINE FACILITIES FOR THE TRANSMISSION OF NATURAL GAS TO VANCOUVER ISLAND AND TO CONSTRUCT AND OPERATE PIPELINE FACILITIES FOR THE TRANSMISSION OF NATURAL GAS ON VANCOUVER ISLAND

WHEREAS a technical review by the Ministry of Energy, Mines and Petroleum Resources (*Natural Gas Supply to Vancouver Island: Technical Report*, April 1983, hereinafter "the Technical Report") demonstrated that the project to transmit natural gas by pipeline to the city gates of communities on Vancouver Island (hereinafter "the project") is justified in terms of its technical feasibility, its cost-effectiveness compared to other energy supply options, and its desirable financial and economic impacts on the people of the province and on the people of the rest of Canada:

And whereas the Government of British Columbia has determined that the project is justified and in the public interest and has called for applications for the project:

And whereas the Government of Canada announced in The National Energy Program, 1980 and reaffirmed in subsequent statements its intention to provide financial assistance for the supply of natural gas to and on Vancouver Island, the size of the federal capital contribution sufficient to eliminate any revenue deficiencies which may be associated with the project to therefore be identified in this review:

And whereas the Commissioner Inquiry on British Columbia's Requirements, Supply and Surplus of Natural Gas and Natural Gas Liquids in May 1982 included sufficient natural gas volumes for Vancouver Island in total provincial requirements, before estimating the provincial surplus:

And whereas pursuant to section 18 of the Act applications for Energy Project Certificates for the project were made to the Minister of Energy, Mines and Petroleum Resources:

And whereas a proposal ancillary to this project for the construction of an ammonia/urea fertilizer facility near the community of Powell River has been advanced by a consortium, which proposal is not part of these applications and is to be subject to separate procedures for certification and contractual arrangements for the supply of natural gas:

And whereas the granting of franchises for local distribution and the conditions to be attached thereto will be subject to relevant procedures under the Act at a later date:

Now, Therefore, under section 19 (1) (a) of the *Utilities Commission Act*, S.B.C. 1980, I, the Minister of Energy, Mines and Petroleum Resources, with the concurrence of the Minister of Environment, refer to the British Columbia Utilities Commission ("the Commission") for review by consolidation into one hearing the aforementioned applications.

### 1. Objectives of Review and Assessment

1. (1) The objectives of the review and assessment are to

(a) identify the relative merits of the competing applications and to recommend on the applicant or applicants best able to construct and operate the project having regard particularly to: timeliness, safety, reliability, and efficiency in project

construction and operation; the minimization of any adverse environmental, resource use, and socio-economic impacts and the maximization of benefits from positive impacts; and, only in regard to those matters within the control of applicants, the minimization of any revenue deficiencies which may be associated with the project, with particular emphasis on the minimization of capital costs and cost of service, in a manner which would not jeopardize the attainment of the foregoing objectives; and

- (b) identify the size of the federal capital contribution sufficient to eliminate any revenue deficiencies which may be associated with the project.

## 2. General

2. (1) The Commission shall consolidate into one hearing all of these applications for Energy Project Certificates.

(2) To the extent necessary, the Commission shall clearly identify all implications for the project of the proposed ammonia/urea fertilizer facility near the community of Powell River by reviewing and assessing the applications, as appropriate, with the proposed fertilizer facility's natural gas requirements and without any such facility.

(3) For the purposes of its review and assessment, the Commission shall use the forecasts, to be provided in writing by the Minister of Energy, Mines and Petroleum Resources, of the wholesale price of natural gas at the point of delivery to the project and of the wholesale price of natural gas at the city gates of communities on Vancouver Island. In other matters not to be dealt with specifically in its review and assessment of applications, the Commission may, as appropriate, refer to the Technical Report for the information it requires for the purposes of clarifying provincial government policy and it may, if necessary, request in writing the information it requires from the Minister of Energy, Mines and Petroleum Resources who in turn shall provide the requested information in writing. The Minister of Energy, Mines and Petroleum Resources, with the concurrence of the Minister of Environment may, in any event, issue supplementary terms of reference.

## 3. Design and Operation

3. (1) The Commission shall review and assess the design of the proposed pipeline systems to and on Vancouver Island and all ancillary or related facilities that applicants propose to construct, own, or operate as part of the pipeline systems for which applications are made, having regard to timeliness, safety, reliability, and efficiency in project construction and operation. The Commission shall specifically review, assess, and form its own judgement on

- (a) the proposed pipeline system route locations between the Mainland and Vancouver Island and such further route locations as may be required on the Mainland and on Vancouver Island;

- (b) the adequacy of proposed pipeline design specifications including flow diagrams, pipeline lengths, wall thicknesses and diameters, operating and design pressures, grades, coatings, and items such as rockshield, swamp weights and details of significant water crossings;
- (c) compatibility with existing and potential natural gas transmission and distribution systems;
- (d) construction methods, maintenance, and repair procedures particularly in areas of rock work, highway crossings, salt water and river crossings, and other significant right of way crossings and alignments;
- (e) the adequacy of system design with respect to minimizing the potential for service interruptions, including avalanche, glacial, seismic, cathodic, or other risks, and any materials, construction techniques and operating procedures which are innovative or not recognized as standard pipeline practice;
- (f) the adequacy of system design with respect to minimizing the potential for marine conflicts including vessel traffic, ship anchoring, and submarine transmission cables;
- (g) quality control, inspection, and testing procedures for the project;
- (h) operating, maintenance, and repair procedures after initial construction of the project;
- (i) the schedule of detailed engineering design and other studies, construction schedule and in-service dates and matters which may affect the timing of construction; and
- (j) the capability of system design to satisfy variations in the time profile of natural gas load development by advancing or deferring compression, looping, or both.

## 4. Environmental, Resource Use, and Socio-Economic Impacts

4. (1) The Commission shall review and assess key impacts of each applicant's proposal on the physical environment, resources, and land use, as well as significant socio-economic impacts. This review and assessment shall emphasize applicants' proposals for avoiding, managing, or compensating for any adverse impacts during construction and operation and for maximizing benefits from positive impacts.

## 5. Capital Costs

5. (1) The Commission shall review and assess applicants' estimates of capital costs prior to startup and of capital additions during the first twenty years of project operation. The Commission's review and assessment shall include an examination of the costs of the following items:

- (a) land and rights of way;
- (b) compressor stations;
- (c) pipe;
- (d) other materials;
- (e) installation;
- (f) engineering and supervision;
- (g) corporate overheads;

- (h) contingencies;
- (i) allowance for funds used during construction; and
- (j) other capitalized costs.

(2) The Commission shall also review and assess the proposed procedures for monitoring and controlling costs and dealing with construction cost overruns and shall assess applicants' capabilities to complete construction on or below budget.

## 6. Cost of Service

6. (1) The Commission shall review and assess applicants' annual estimates of cost of service and the components thereof, which include the following:

- (a) depreciation expense;
- (b) interest and return on equity, or interest and interest coverage;
- (c) corporate income taxes, if applicable;
- (d) operating and maintenance costs, including the cost of transmission fuel and losses; and
- (e) other expenses, taxes, or costs added to the cost of service.

(2) The review and assessment of cost of service shall include an examination of viable means for minimizing the present discounted value of the annual cost of service, such means to include the treatment of corporate income taxes and deferral of depreciation.

(3) The Commission shall perform a limited review and assessment of margins for local distribution on Vancouver Island.

## 7. Markets for Natural Gas

7. (1) The Commission shall review and assess annual peak day and annual total loads, for the first twenty years of project operation, concentrating on those end uses for natural gas in which there are sufficiently large differences between the forecasts of applicants, intervenors, or the Technical Report to have a significant impact on system design, capital costs, revenues, and cost of service. To the extent that it is necessary to consider retail prices in its review and assessment of loads, the Commission shall determine retail prices by adding local distribution margins to the wholesale price of natural gas at the city gates of communities on Vancouver Island. For this purpose the Commission shall use the forecast of the wholesale price of natural gas at the city gates of communities on Vancouver Island to be provided in writing by the Minister of Energy, Mines and Petroleum Resources.

(2) The Commission shall also review and assess the impact on load forecasts of any marketing proposals or other similar programs which would maximize market penetration or accelerate the development of load, such as special conversion grants, deferral of development costs, or the predevelopment of local distribution systems.

## 8. Other Matters

8. (1) The Commission shall review and assess the financial capability of each applicant to successfully undertake its proposed project.

(2) The Commission shall review and assess each applicant's time schedules for detailed engineering design and other studies, ancillary approvals and related studies, construction and in-service dates having regard particularly to the reasonableness of those schedules and their compatibility with each other.

(3) The Commission shall review and assess applicants' public information and consultation programs.

#### 9. Recommendations, Report, and Timing

9. (1) Based on the assumption that the natural gas requirements of the proposed ammonia/urea fertilizer facility near the community of Powell River, or any other such facility, are not included in markets for natural gas, the Commission shall recommend to the Lieutenant Governor in Council the applicant(s) to whom Energy Project Certificate(s) should be issued, the route locations for such Certificate(s), and the conditions in the public interest which should be attached thereto. The Commission shall also advise on those changes which it would make in the foregoing recommendations in the event that the natural gas requirements of the proposed ammonia/urea fertilizer facility near the community of Powell River are to be included in markets for natural gas. The Commission shall also recommend on matters to be considered with respect to the issuance of an approval by the Minister of Environment under Order in Council 908/77.

(2) For the purposes of its review and assessment of applications, the Commission shall form its own judgment on, and report on, each of the matters specified in sections 3 to 8 inclusive of these terms of reference and it shall provide reasons for its recommendations on applicant(s), route locations, and conditions in the public interest, having regard particularly to timeliness, safety, reliability, and efficiency in project construction and operation; environmental, resource use, and socio-economic impacts; and the minimization of revenue deficiencies, particularly the minimization of capital costs and cost of service, without jeopardizing the attainment of other objectives.

(3) The Commission shall identify the size of the federal capital contribution sufficient to eliminate any revenue deficiencies which may be associated with the project only for the pipeline transmission systems recommended by the Commission.

(4) The Commission shall submit its report and recommendations with reasons to the Lieutenant Governor in Council by December 31, 1983, or as soon thereafter as may be practical. The Commission shall also submit a statement to the Lieutenant Governor in Council on the progress of its review and assessment on or before October 31, 1983. In the event that there are impediments to expeditious review of the project, the Commission shall advise the Minister of Energy, Mines and Petroleum Resources by letter and indicate where government may assist in expediting the review process.

All applications, the Technical Report, and Order in Council 908/77 are transmitted to the Commission with this reference.

Dated this 21st day of July 1983.

##### APPLICATION FOR AMENDMENT OF WASTE MANAGEMENT PERMIT PE-41

THIS APPLICATION is to be filed with the Waste Management Manager, 15326—103A Avenue, Surrey, B.C. V3R 7A2.

Any person who may be affected by the amendment to Permit PE-41 described below may, within 30 days from the date of posting, publication, service or display, state in writing to the Manager how he is affected.

*Preamble*—The purpose of this application is (1) to request a permit to allow winter storage of excess biological sludge and summer disposal to a turf plot; (2) to increase daily limits for suspended solids and increased maximums of other permitted parameters to make allowance for occasional upsets in the biological treatment system.

Dow Chemical Canada Inc., Suite 1560, 999 West Hastings Street, Vancouver, B.C. V6C 2W2, hereby applies for amendments, as described below, to Waste Management Permit PE-41, granted on May 25, 1971, last amended June 2, 1981, which authorized the discharge of effluent from a phenol plant located at Tilbury Island, Delta, B.C., to the Fraser River.

##### AMENDMENTS REQUESTED

###### Appendix 01 (a)

Before: The discharge of effluent to which this appendix is applicable is from a phenol plant to the south arm of the Fraser River.

After: The discharge of effluent to which this appendix is applicable is from a phenol plant to the south arm of the Fraser River and for the period May 1 to September 30 to a sludge lagoon from which it is sprayed onto a turf plot.

###### Appendix 01-1 (ii)

Before: Biological Treatment. Quantity—262 cubic metres per day. Characteristics—pH range, 6.5–8.5; total suspended solids, 16 kg/d; total organic carbon, 50 kg/d; ammonia-nitrogen, 2.6 kg/d; total phosphorous, 2.6 kg/d; total copper, 1.0 mg/L; total cobalt, 2.0 mg/L; phenol, 0.2 mg/L (max.); 0.05 mg/L (ave.).

After: Biological Treatment. Quantity—262 cubic metres per day. Characteristics—pH range, 6.5–8.5; total suspended solids, 100 kg/d (max.); 33 kg/d (ave.); total organic carbon, 100 kg/d (max.); 50 kg/d (ave.); ammonia-nitrogen, 7 kg/d (max.); 2.6 kg/d (ave.); total phosphorous, 7 kg/d (max.); 2.6 kg/d (ave.); total copper, 3 mg/L (max.); 1 mg/L (ave.); total cobalt, 6 mg/L (max.); 2 mg/L (ave.); phenol, 0.2 mg/L (max.); 0.05 mg/L (ave.).

###### Appendix 01-1 (iv)

Before: None.

After: Sludge Disposal. Quantity—262 cubic metres per day. Characteristics—pH range, 6.5–8.5; suspended solids, 25 000 mg/L; soluble total organic carbon, 190 mg/L; soluble ammonia-nitrogen, 10 mg/L; soluble phosphate, 10 mg/L; soluble copper, 1 mg/L; soluble cobalt, 2 mg/L; phenol, 0.05 mg/L.

This application, dated on June 28, 1983, was posted on the ground in accordance with the Waste Management Regulations.

##### APPLICATION FOR AMENDMENT OF WASTE MANAGEMENT PERMIT PR-4454

THIS APPLICATION is to be filed with the Waste Management Branch, Bag 5000, Smithers, B.C. V0J 2N0.

Any person who may be affected by the amendment to Permit PR-4454 described below may, within 30 days from the date of posting, publication, service or display, state in writing to the Manager how he is affected.

*Preamble*—The purpose of this application is to extend the operating period of Permit PR-4454 until October 1, 1988, to allow enough time to switch from use of the present landfill site to use of new landfill site.

Brian J. Goody, Director of Municipal Services of City of Prince Rupert, B.C., hereby applies for amendment(s), as described below, to Waste Management Permit PR-4454, granted on November 6, 1979, which authorized the discharge of municipal refuse from the City of Prince Rupert located at Prince Rupert, B.C., to the land.

## AMENDMENTS REQUESTED:

Before: 1. This permit is valid until October 1, 1983.

After: 1. This permit is valid until October 1, 1988.

This application, dated on July 7, 1983, was posted on the ground in accordance with the Waste Management Regulations.

# APPLICATION FOR A PERMIT UNDER WASTE MANAGEMENT ACT (Effluent)

THIS APPLICATION is to be filed with the Regional Waste Manager, 1011 Fourth Avenue, Prince George, B.C. V2L 3H9.

Any person who may be affected by the discharge of the waste described below may, within 30 days from the last date of posting, publication, service or display, state in writing to the Manager how he is affected.

*Preamble*—The purpose of this application is to obtain a permit to acquire permission to dispose of tailings (fine refuse) from the Bullmoose coal preparation plant by employing an exfiltration tailings-pond. This effluent will contain fine refuse and domestic sewage/wastewater contained in 2 separate streams.

Bullmoose Operating Corporation, 1199 West Hastings Street, Vancouver, B.C. V6E 2K5, hereby applies for a permit to discharge effluent from a coal preparation plant located adjacent to the confluence of the West Bullmoose and Bullmoose Creeks into the ground underlying the tailings-pond, and gives notice of application to all persons affected.

The land upon which the works are located is Coal Licences 3033, 3034 and 3038.

The discharge shall be located at the ground underlying the tailings impoundment pond.

The quantity of effluent to be discharged is as follows: Average daily discharge (based on operating period), 1 593 cubic metres per day. Maximum daily discharge, 3 170 cubic metres per day.

The operating period during which the effluent will be discharged is continuous, 24 hours per day, 7 days per week.

The characteristics of the effluent discharged shall be equivalent to or better than 35% inorganic solids; BOD<sub>5</sub>, 19 mg/L; total suspended solids, 19 mg/L; pH, 6.5–8.5.

The type of treatment to be applied to the effluent before discharge is the domestic effluent will be treated in a package treatment plant and will be combined with the fine coal preparation plant refuse for discharge into the tailings exfiltration pond.

This application, dated on January 17, 1983, was posted on the ground in accordance with the Waste Management Regulations.

# APPLICATION FOR PERMIT UNDER WASTE MANAGEMENT ACT (Emissions)

THIS APPLICATION is to be filed with the Waste Management Branch, Bag 5000, Smithers, B.C. V0J 2N0.

Any person who may be affected by the discharge of the waste described below may, within 30 days from the last date of posting, publication, service or display, state in writing to the Manager how he is affected.

*Preamble*—The purpose of this application is to obtain a permit to authorize the discharge of emissions from a mobile Barber-Greene Model KIC 35 asphalt plant.

Terrace Paving Ltd., 4805 Soucie Avenue, Terrace, B.C. V8G 4R7, hereby applies for a permit to discharge or emit contaminant(s) into the air from a Barber-Greene Model KIC 35 asphalt plant located at various locations throughout British Columbia, and gives notice of application to all persons affected.

The land upon which the works are located is various locations throughout British Columbia.

The discharge or emission shall be located at 5630 Yellowhead Highway 16.

The rate of discharge is (dry basis): Maximum, 380 mol/s; duration 12 hours per day; frequency, once per day.

The operating period during which contaminant(s) will be discharged is 6 days per week.

The characteristics of the contaminant(s) to be discharged are 5.5 mg/mols, 0.1 gr/SCF—non-industrial; 8.25 mg/mols, 0.15 gr/SCF—industrial.

The type of treatment to be applied to the contaminant(s) is Madsen wet scrubber with settling-ponds (water to be recycled).

This application, dated on June 28, 1983, was posted on the ground in accordance with the Waste Management Regulations.

# APPLICATION FOR PERMIT UNDER WASTE MANAGEMENT ACT (Effluent)

THIS APPLICATION is to be filed with the Ministry of Environment, Waste Management Branch, 15326—103A Avenue, Surrey, B.C. V3R 7A2.

Any person who may be affected by the discharge of the waste described below may, within 30 days from the last date of posting, publication, service or display, state in writing to the Manager how he is affected.

*Preamble*—The purpose of this application is to obtain a permit under the *Waste Management Act* (Effluent) to operate a shipping and bulk storage terminal at the Texaco Bulk Storage Terminal, 8059 Texaco Drive, Burnaby, B.C. The terminal will receive, unload, store and ship bulk liquids under contract to shippers.

Johnston Terminals & Storage Ltd., 2020 Yukon Street, Vancouver, B.C. V6B 4B6,

hereby applies for a permit to discharge effluent from the proposed bulk liquid storage terminal located at 8059 Texaco Drive, Burnaby, into Burrard Inlet, which flows tidal and discharges into Howe Sound, and gives notice of application to all persons affected.

The land upon which the works are located is described as Lot 1, District Lot 214, Plan 49510.

The discharge shall be located approximately 600 feet west of Grasse Point on Burrard Inlet.

The quantity of effluent to be discharged is as follows: Average daily discharge (based on operating period), 102 cubic metres (average). Maximum daily discharge, 2 590 cubic metres.

The operating period during which the effluent will be discharged is 24 hours per day, 7 days per week (when raining).

The characteristics of the effluent discharged shall be equivalent to or better than rain water discharge only.

The type of treatment to be applied to the effluent before discharge is oil separator and neutralization, if required.

This application, dated on July 5, 1983, was posted on the ground in accordance with the Waste Management Regulations.

# APPLICATION FOR PERMIT UNDER WASTE MANAGEMENT ACT (Effluent)

THIS APPLICATION is to be filed with the Ministry of Environment, Regional Office, 2569 Kenworth Road, Nanaimo, B.C. V9T 4P7.

Any person who may be affected by the discharge of the waste described below may, within 30 days from the last date of posting, publication, service or display, state in writing to the Manager how he is affected.

*Preamble*—The purpose of this application is to obtain a Waste Management Act Permit to discharge 15,000 imperial gallons per day of effluent which has undergone secondary treatment in an extended aeration plant with flow equalization and a filter into a soil absorption field.

Albert See, Beaver Creek Road (RR 1), Port Alberni, B.C. V9Y 7L5, hereby applies for a permit to discharge effluent from a mobile home park located in Beaver Creek Improvement District into a soil absorption field and gives notice of application to all persons affected.

The land upon which the works are located is Lot 1, District Lot 21, Alberni District, Plan 9455.

The discharge shall be located 150 metres northeast of the southwest corner of the property.

The quantity of effluent to be discharged is as follows: Average daily discharge (based on operating period), 68 200 litres. Maximum daily discharge, 68 200 litres.

The operating period during which the effluent will be discharged is daily fillings of a soil absorption field.

The characteristics of the effluent discharged shall be equivalent to or better than total suspended solids, 20; BOD, 30.

The type of treatment to be applied to the effluent before discharge is steady flow into an extended aeration sewage-treatment plant and filtering prior to discharge to soil absorption field.

This application, dated on July 11, 1983, was posted on the ground in accordance with the Waste Management Regulations.
